

# UNO TOURNAMENT

## CLARK RULES

### 1. TWO RULE\*

- Whenever you discard a “2” card, you may take any two cards from your hand and give them to an opponent.
- You **must** have two cards available to give away, and both cards must go to the same player.
- You **can** win the game with this rule.

### 2. SKIP/REVERSE RULE\*

- If you are hit with a DRAW TWO, you may play a SKIP or REVERSE card on that DRAW TWO to make your opponent draw the cards.
- The SKIP or REVERSE card **must** be the same color as the DRAW TWO.
- If you are hit with a DRAW FOUR, you can use this rule after the color has been chosen.
- Beware! If you SKIP or REVERSE to an opponent, he or she can always SKIP or REVERSE back to you.

### 3. WILD CARD RULE\*

- If you are hit with a DRAW FOUR or DRAW TWO card, you can use the WILD card as a SKIP (as in the SKIP/REVERSE Rule)
- You are still be able to change the color.

### 4. STACKZEES RULE\*

- You can discard (or stack) up to three cards that are the same in one turn. (for example: three 5's, three SKIPs or three DRAW TWOs)
- The first card in your stack must be the same color as the top card in the discard pile.

### 5. ADDITION/SUBTRACTION RULE\*

- You may discard two number cards that add up (or subtract) to the top card on the discard pile.
- The two number cards being added (or subtracted) must be the same color as each other, but DO NOT have to be the same color as the top card on the discard pile.
- The top card on the discard pile must be a number card in order to use this rule.
- The next player must treat the two added (or subtracted) numbers as one number. (for example, after adding a yellow six and a yellow two to make a eight, the next person must treat the top card as a yellow eight)

### 6. ONE PICK RULE

- If you pick a card from deck and you can't use it, your turn is over. (in other words, you DO NOT continue to pick from the deck until you have a playable card.)

### 7. PLAYER'S CHOICE RULE

- You are not required to play any card in your hand. It is your choice to either play a card from your hand or pick from the deck.
- However, you **cannot** pick a card from the deck and then play a different card from your hand in the same turn.
